We may have courage, all of us  
To face a cannon ball,  
To fight a foe, protect a friend,  
O - start at honor's call;  
But have we courage of that kind,  
When self-interest is in sight,  
To always have right to the line,  
And do the thing that's right.

It is unlawful now to kill a squirrel or a rabbit until Nov. 15.

Harry Sommers had only four paragraphs about the ladies in his funny column Friday.

Gen. Nelson A. Miles, of Fitchburg, Mass., is to run for Congress on the Republican ticket.

Gov. Sulzer denies a report that he had recognized the right of Lieut. Gov. Glynn to act as Governor.

Indiana already has two murderers awaiting the purchase of an electric chair under the new electrocution law.

Prof. George Claude, of Paris, says it will be possible soon to use liquified air in cooling refrigerators, instead of ice.

The smallpox germ, long looked for, has at last been discovered by a Berlin scientist. As its name indicates, it is small.

Huerta charges that the Standard Oil Co. is financing his enemies: It hurts him worse because he needs "grease" himself.

A girl hobo beat her way from Salt Lake City to Oroville, Cal., a distance of 780 miles. She said it was her first trip on the road.

One thousand women representing the organized suffragists of Kentucky are preparing to march in the Perry parade in Louisville Oct. 2.

The Rural Letter Carriers' Association, in session at Evansville, decided that negro members shall be ineligible to attend its national convention.

Two men have this season broken the world's home run record of 31 home runs in one season - Charles Swain, of Spokane, Wash., 34, and Cecil Gray, Charleston, W. Va. 32

The class fight at Purdue University, called to "tank scrap" resulted in the death of a boy this year and the "scraps" have been abolished by a vote of the students.

The extradition hearing before Gov. Felker, of New Hampshire, is set for today. Thaw's attorneys have a plan outlined to take the case to the supreme court if necessary.

Gen. Felix Diaz, now in Paris, is awaiting orders to return to Mexico. He is reported as saying that if elected President the cardinal purpose of his administration will be friendship for the United States.

Congressman Thomas has endorsed W. C. Morris, a druggist who got up the largest popular petition, for postmaster of Bowling Green. The other candidates were D. M. Settle and Jno. B. Gaines.

Metcalfe's comet, discovered a few days ago, is rushing towards the earth at the rate of thousands of miles an hour. Although it was not discovered by Tom Metcalfe, the local florist, it seems to be setting about the same pace that Tom travels in pushing business.

Gov. McCreary has named Harry Weissinger, Louisville; Charles K. Wheeler, Paducah; Jno. F. Hager, Ashland, and A. Gatliff, Williamsburg, to represent Kentucky on the expedition of the Southern Commercial Congress to the canal zone this winter.

Clarence C. Givens, Jr., has gone to Dixon, Ky., to take charge of the Dixon Journal, one of the several papers owned by his father, who entered journalism in the same town 30 years ago. He is a chip off the old block and may be expected to make good with the training he has already had at Henderson.

MORE TALK ABOUT HOTELS

Rumor That a New Up-to-Date Building Will Be Erected.

"PENNYROYAL" LOOKING UP

Man With Capital Does Not Fear Investing In Good Locality.

Much is again heard about another hotel. The "Pennyroyal" building has sprung into notice several times of late. After the announcement that the company owning it had offered to sell it to the trustees of the Y. M. C. A., providing the trustees ratified the sale of the old building and wanted to buy and not build, hotel men seem to have awakened to the fact that a fine building was about to be taken off the market.

The Pennyroyal was built for hotel purposes, and though uncompleted the handsome four-story structure is in a condition to be finished up in a few weeks, and will be when it is leased by a responsible party. There were a couple of hotel men here last week examining the building. Whether they will lease it or not is to be known this week. Should they decide to take it over for a period of years it can be completed regardless of weather conditions before the end of the year.

There is a rumor current that parties are seriously considering a proposition that has been submitted by a man of experience in the hotel business. There is a foundation for this rumor, but just at this time we cannot go into particulars. The financial part of the affair is about already arranged for. The hotel man wants a new building, centrally located and a most eligible site can be secured. The hotel, if built, will be modern in every way. As to interior finish it will be far beyond anything heretofore undertaken and the hotel will be conducted on the European plan. The negotiations now pending may not be brought to a close for several days. The chances for a large new hotel building are promising and may be a certainty in a few days or weeks.

TIRE EXPLODED

And Came Near Destroying Sight of Herbert Dorris.

Sunday morning, about 11 o'clock, while Herbert Dorris was pumping air into an auto tire at his garage, at Eleventh and Virginia streets, the tire exploded and the escaping air struck him in the face with such force that he was knocked backward to the ground. Dr. Brown was at once summoned, and it was found that Mr. Dorris' sight was endangered. Dr. Brown thinks that with proper care he may be all right in a few days, provided there is no infection from the sand and dirt that was imbedded in the ball of both eyes. The tire had a sand blister on it, which caused the explosion. The noise sounded like a cannon.

Warren County Patient.

Mrs. Sallie Christian, a patient at the Western State Hospital from Warren county, died at the institution Sunday of tuberculosis, aged 35 years. She was received here about a year ago. Interment in the hospital burying ground.

To Dam Louisville.

The Chief of Army Engineers probably will recommend a dam in Beargrass Creek to prevent backwater from the Ohio River interfering with the Louisville drainage system.

CHILLICOTHE LOSES OUT

Spoke Too Soon About Playing With The Kitty Winners.

THE GAMES ARE CALLED OFF

Charleston, W. Va., Beats Chillicothe and forfeits \$500.

With Charleston, W. Va., the home of the winning team, the sixth championship season of the Ohio State league came to a close Sunday. Charleston won twice from Maysville and attained a percentage of .632. Chillicothe, Ohio, holder of the leadership until Sunday lost the pennant by failing to break even in a double-header with Portsmouth, Ohio, and finished second. A post season series that was to be played with Paducah of the Kitty league is now off. Charleston's team has decided to pay the league forfeit of \$500 to Paducah rather than hold the team together and travel so far to play.

ACCOMPLISHED PIANIST

Accepts Position With Clarksville's New Theatre.

Miss Marguerite Lawson, the accomplished daughter of Mr. and Mrs. J. W. Lawson, has accepted the position of pianist at the Lillian Theatre at Clarksville and went there yesterday.

Miss Lawson is well known here as a musician. Thousands and thousands have heard her piano playing during the engagements she has filled at the Princess Theatre since Mr. Bleich first opened up that magnificent place of entertainment. She is a general favorite with local moving picture house habitués as well as socially. She is a pretty, bright-eyed young lady and never fails to make friends of everybody she meets.

She has a music library of over 600 pieces, including operatic selections, old-time melodies, rag-time favorites and orchestral arrangements.

MISS MARGUERITE LAWSON. She is a "piano wizard" and when she takes a seat at the key board, the ivory begins to wake up and harmony gets busy.

Clarksville is now boasting of having recently opened the finest and best arranged picture show building in the territory. We congratulate the managers of the "Lillian" on having secured one of the most accomplished musicians in this section to entertain the patrons.

Officers Re-elected in Todd.

W. L. Bright, of Caymour, has been elected chairman for Todd county of the Planters' Protective Association, with Russell Hogan, of Trenton, as secretary. All the members of Todd county committee were re-elected as follows: J. D. C. Harris, Allensville; John W. Rudd, Alleghree; J. J. Gordon, Dayville; S. W. Chestnut, R. W. Thomas, George W. Rudd and John T. Simpson, Elkton; H. J. McMurry, Guthrie; F. M. Front, Sharon Grove, George H. McElwain, Trenton.

TEACHERS' INSTITUTE

Met Yesterday For 5 Days Session At The Avalon.

CITY IS FULL OF TEACHERS

Are Here From Every Section of The County--Miss West In Charge.

Teachers from all parts of the county began coming in early yesterday morning to attend the annual meeting of the county teachers. Some of them had to travel from 14 to 16 miles and were a little late in registering. The number present at noon yesterday was —

The Institute is under the management of Miss Jennie West, County Superintendent of Schools. The law requires every teacher in the county to attend and the penalty for non-attendance is revocation of license.

Owing to the use of the Circuit Court room by Judge Hanbery the sessions of the Institute are being held at The Avalon. But the change of place is in many ways advantageous. The Avalon is as clean as a new pin and two blocks off from the main thoroughfare as well as being free from the noise and other annoyances peculiar to Main street. Mr. Metcalfe, with his accustomed generosity, offered The Avalon to Miss West for the five days of the Institute, free of cost. Mr. Metcalfe's auditorium is an ideal one for such gatherings and he is gratified to see that the people are beginning to realize that he built it for the people.

BIG CROWD

Attracted By Circuit Court and Teachers' Institute.

The city was full of people yesterday from every section. It was a big gathering of whites and blacks and the streets were packed during almost the entire day.

It was the first day of the six weeks term of Circuit Court. All the grand and petit jurors summoned for the term had to come to town, whether they wanted to or not. Of course the influx of nearly a hundred teachers from all points helped to swell the crowd. The colored people were from all over Christian county to take part in the celebration of Emancipation Day. The business men were kept continually on the go and their sales were probably larger than any day since last Christmas eve. With all the push and jam it is gratifying to note that the best of order prevailed, and though the police pulled a few violators of the city's laws, the charges set opposite their names on the slate at police headquarters were all for minor offenses.

There will also be a large crowd here to-day. The first day of circuit court is usually consumed in selecting the two jurors, delivering the charge to the grand jury and other things in the way of getting the wheels of justice in running order, sometimes allowing speakers to be heard, etc., and next day the grind begins.

Advertising Hustling.

V. L. Gates and C. B. Mason are doing some tall hustling in advertising the Pennyroyal Fair. If they keep up the gait they have been going by the end of this week it will be almost impossible to go anywhere in the Pennyroyal district without finding Fair literature of some description. Keep busy gentlemen. The fair is just two weeks off from today, and all roads from every direction must lead to Hopkinsville for five days and nights.

H. B. M. A. MEETING

Friday Night Largely Attended And Much Business Was Transacted.

C. H. BLEICH MADE SECRETARY

\$1,500 To Be Raised For Pike Between Pembroke And Trenton.

The meeting of the Hopkinsville Business Men's Association last Friday night was one of the largest and most enthusiastic held for several months. R. E. Cooper, President, presided and Harry Keach was made secretary pro tem.

Messrs. J. M. McReynolds, Thos. L. Metcalfe and Harry Keach were appointed a committee to canvass the city to raise the sum of \$1,500 to build two miles of pike between Pembroke and Trenton, in Todd county.

In view of the fact that Clarksville, with the aim of diverting much of the trade along that highway to Clarksville, was a liberal contributor to the fund to complete the pike from Trenton, which has been completed, the Association sees the necessity of doing something to wards holding the large trade now enjoyed by Hopkinsville merchants, the committee was directed to proceed at once in raising the amount asked for. The committee got to work early Saturday morning.

Pembroke has already done her share and wants Hopkinsville to do likewise. The committee which appeared before the Association is composed of Messrs. J. F. Mitchell, H. C. Dickinson and F. W. Mimms, of Trenton, and Dr. J. L. Barker, of Pembroke, who laid the matter before the meeting.

The office of Secretary of the Association has been vacant since the resignation of R. L. Castleberry last summer. When the question of selecting a new secretary came up several names were suggested, among them that of Mr. C. H. Bleich, of Madisonville, and he was finally chosen for that very important position.

Mr. Bleich is a man of experience, active and in every way fitted for the duties of the office. He is well known here, and is a brother of Mr. George A. Bleich, who built the Princess Theatre. He will leave Madisonville in a short time and come here to assume his duties.

Several matters of minor importance were before the meeting, which were properly disposed of before adjournment.

AT BAPTIST CHURCH

Appropriate Sermon Delivered To Odd Fellows.

Sunday night Rev. C. M. Thompson, pastor of the First Baptist church, preached an appropriate sermon to the members of Green River Lodge, No. 54, I. O. O. F., who attended the service in a body. A special musical program was delightfully rendered. The sermon was one of Mr. Thompson's splendid efforts and received the closest attention of visitors and all others who heard it.

Mulmanstedt-Quinn.

Miss Myrtle Mulmanstedt and Mr. Roy S. Quinn were married in Henderson last Wednesday.

The bride is a daughter of Mr. and Mrs. Carl Mulmanstedt who moved to Henderson when Capt. Whitlow gave up Hotel Latham and went to Guthrie. Mr. Mulmanstedt was chef of the Latham during its management by Capt. Whitlow. Mr. Quinn is a prescriptionist in the W. S. Johnson drug store.

VOTE MAY BE TAKEN

Physicians Unanimous For Establishing White Plague Hospital.

CIVIC LEAGUE TAKES A HAND

Joint Meeting at City Court Room at 10 O'clock This Morning.

Dr. Curry and the Christian County Medical Society are positive in their assertion that Christian county's greatest need today is a tuberculosis hospital. The society has watched with much interest the outcome of investigations made by the physicians in their six weeks' campaign for better health and the discovery of the alarming prevalence of the white plague throughout the county impels both to take the first steps in building a hospital.

The Civic League is also deeply interested in the matter and is ready to join forces with the physicians, and a large majority of the people of the county and city, it has been claimed are ready to start the ball rolling.

With this in view a joint meeting has been called for this morning at 10:30. The meeting will be held in the city court room, and not at the Avalon as previously announced. The Teachers' Institute is using the Avalon this week. The meeting of the Medical Society was called by its President, Dr. E. M. Stites. The call for the League to meet with the Society was made by Mrs. F. K. Yost, the President. The main object of the meeting is to arrange for allowing the voters of the county to express themselves at the regular election, on the 4th day of November.

THE AVALON

As A Free Place For Meetings Is Appreciated.

Mr. Thos. L. Metcalfe is much pleased with the appreciation the public has shown by the use of The Avalon. He built it for the public to use without cost. Everybody should remember this and when a place is wanted for entertainments, lectures and meetings of different kinds, he would be pleased to have the large room used.

In the past few days the Planters Tobacco Association used it for two meetings, the Daughters of the Confederacy met there, the directors of the Terry Coal Co. used it and last Monday the Christian County Medical Society held their regular monthly meeting as has been their custom for several months, in the large, well lighted and ventilated room. Mr. Metcalfe, as announced in his formal tender of the hall to the people, wants them to consider the Avalon theirs.

PROMOTION

For Lieutenant B. S. Winfree Through Col. Henry.

The friends of Ben S. Winfree will be glad to learn that he has been named by Col. Jouett Henry, of the Third Kentucky Infantry, State Guard, for the office of Adjutant of the regiment, with the rank of Captain. Capt. Winfree succeeds Capt. A. G. Chapman, now of Louisville.

Fatal Fall.

John Doherty, 57 years old, and a prominent real estate dealer and a member of the police and fire commission, fell from the second floor of his own building in Paducah, and was killed.
